

## A simplified approach to personal lines for an easier way to meet member needs.

### Equipment Breakdown

This optional feature provides coverage to repair or replace appliances due to an electrical, mechanical, or pressure systems breakdown - for example, if a power surge damages expensive home electronic equipment.

#### Coverage costs only \$29 per year and protects:

Appliances

Heating and cooling systems

Security systems

Electrical systems

Personal computers

Water heaters

#### Benefits

Typical property insurance doesn't cover losses associated with electrical or mechanical breakdown of electrical systems, heating and cooling equipment or major appliances.

- \$50,000 coverage limit per occurrence / \$500 deductible per occurrence
- Spoilage/pollutant cleanup
- Reimbursement for temporary repair For more information, visit the equipment breakdown microsite.
